

Accomplished senior executive and leader with over two decades of international business experience spanning varying business cycles and major corporate transformation and shifting geopolitical landscapes. Passionate about solving complex business problems and creating and building inclusive cultures that embrace continued learning and innovation. Interested in leveraging my experience through board service to assist a public or private technology company to meet their strategic objectives.

EXPERTISE

INTERNATIONAL CORPORATE GOVERNANCE, COMPLIANCE AND RISK MANAGEMENT: Seasoned governance and professional and Chief Legal Officer for US and European headquartered, international high-technology and manufacturing companies. Expertise in corporate governance, regulatory and international trade compliance, risk management, geopolitical policy, public affairs and corporate social responsibility. President and Lead Director of the US Operating entity and US Country Manager for a European Company. Member of the Company's ESG Board and Ethics Board and members of the Risk Management and China Strategy Committees.

GLOBAL M&A AND CORPORATE TRANSFORMATION: Global M&A expert with extensive experience in complex international transactions, including transformational mergers, acquisitions, spin outs, divestitures, IPOs and leveraged buyouts and joint ventures. Extensive experience managing through complex corporate transformation, integration planning and post-transaction integration. Played key roles in several of the largest and most significant M&A transactions in the technology industry in the last two decades, including the spin-out, subsequent initial \$1.6B IPO, ensuing \$17.6B leveraged buyout, and successive second IPO of Freescale (formerly Motorola's semiconductor business), the \$11.8B merger of NXP and Freescale, and the attempted \$47B acquisition of NXP by Qualcomm, which was abandoned after China failed to approve the transaction in the midst of heightening US/China trade tensions.

MULTICULTURAL LEADER WITH P&L EXPERIENCE: Inspirational leader with expertise in effective management of multicultural teams around the world and shaping corporate cultures and embracing diversity and inclusion. Successful business unit manager with P&L responsibility for IP monetization.

INTERNATIONAL IP STRATEGY AND OPERATIONS: Intellectual property (IP) strategist and technology law expert. Develop and execute successful global intellectual property protection, enforcement, leveraging and monetization strategies for multiple global high technology companies. Experience leading P&L IP monetization businesses for global multi-billion-dollar companies that generated more than \$1 over the last fifteen years.
